## WHY WE ARE NEO-RUGGED

We are the new face of the rugged phone industry. Our first device B2021 sets itself apart with its software. As a software company, we put our heart and soul into making F150 OS secure, versatile, and professional.

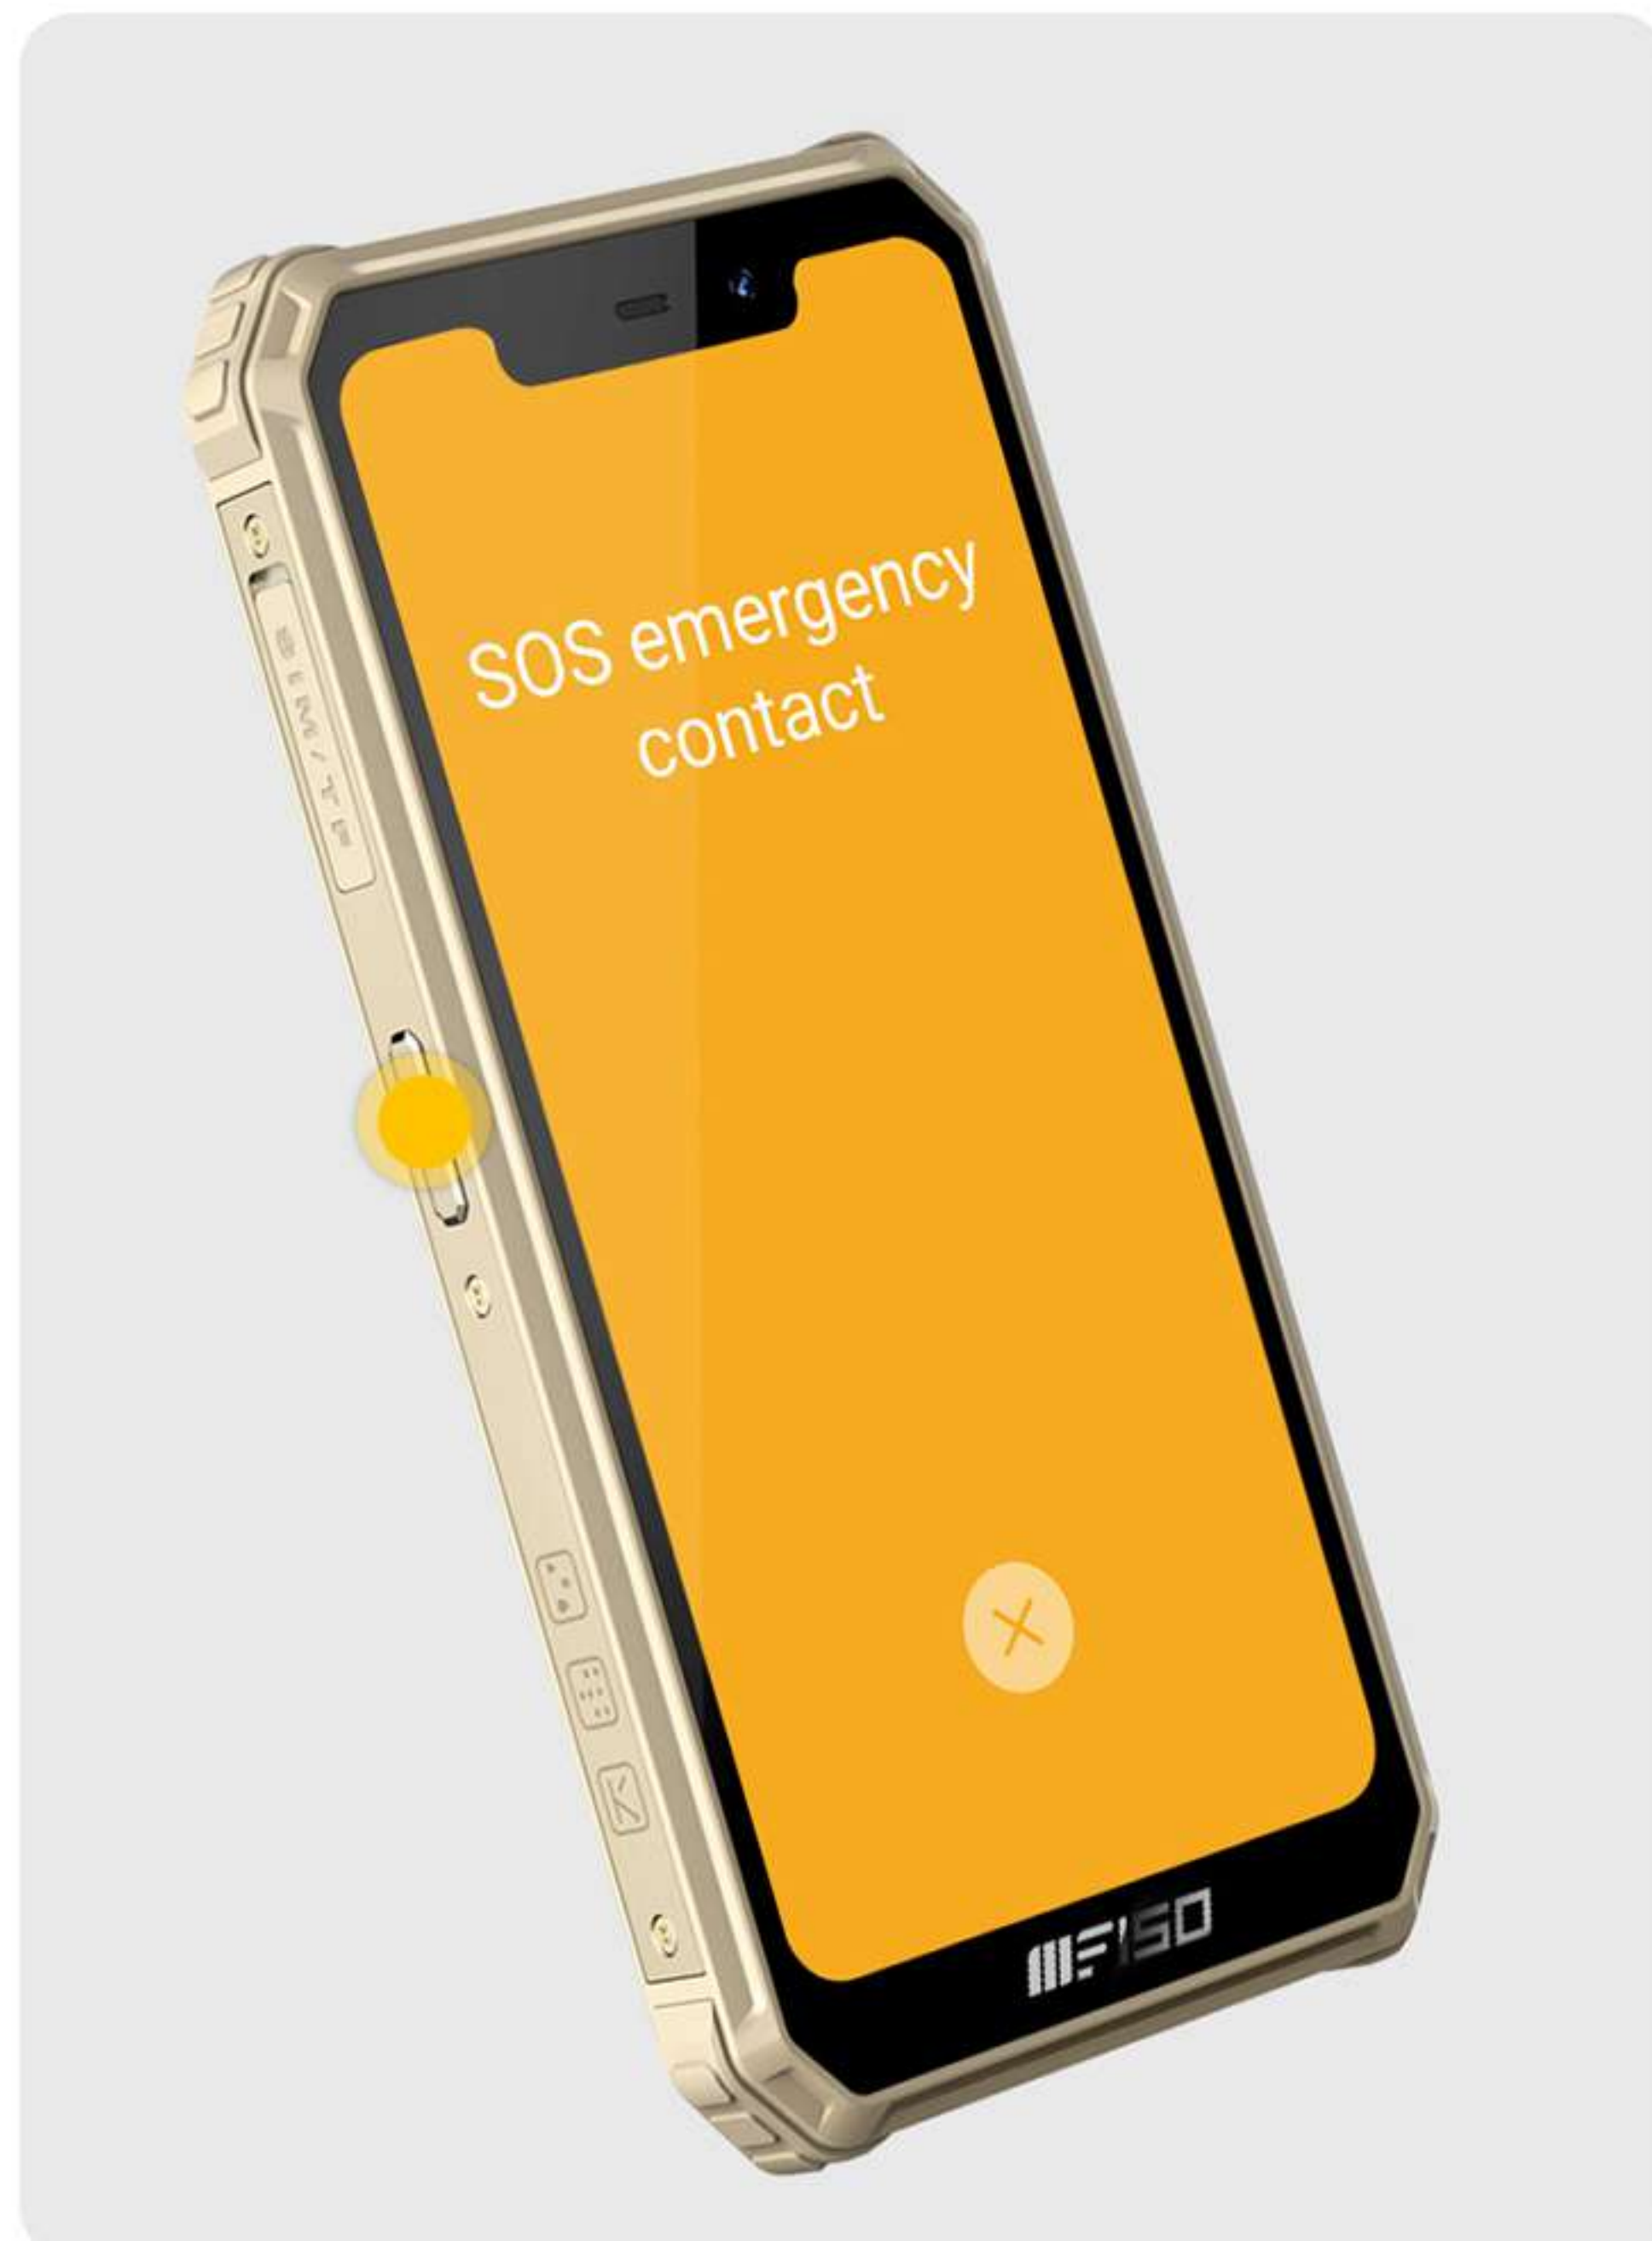

## EMERGENCY SOS

Press the F150 Key 5 times in quick succession to make an emergency call. Auto SOS calls can also be activated to preset emergency contacts.

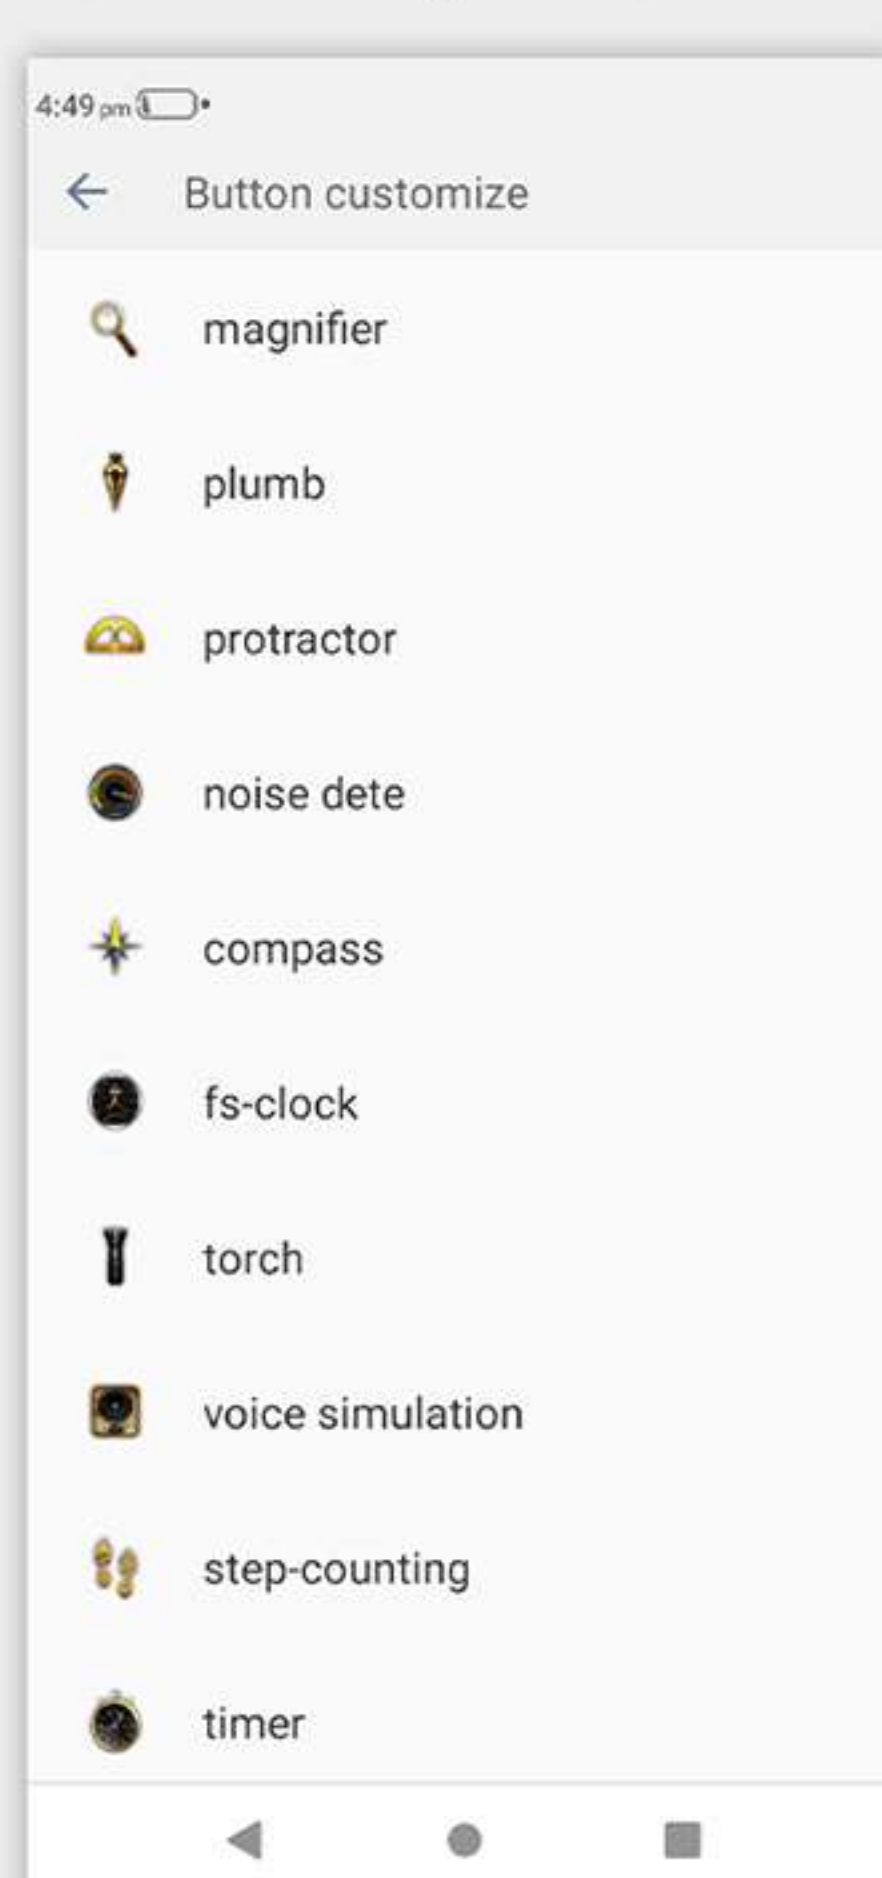

## CUSTOMIZABLE BUTTON

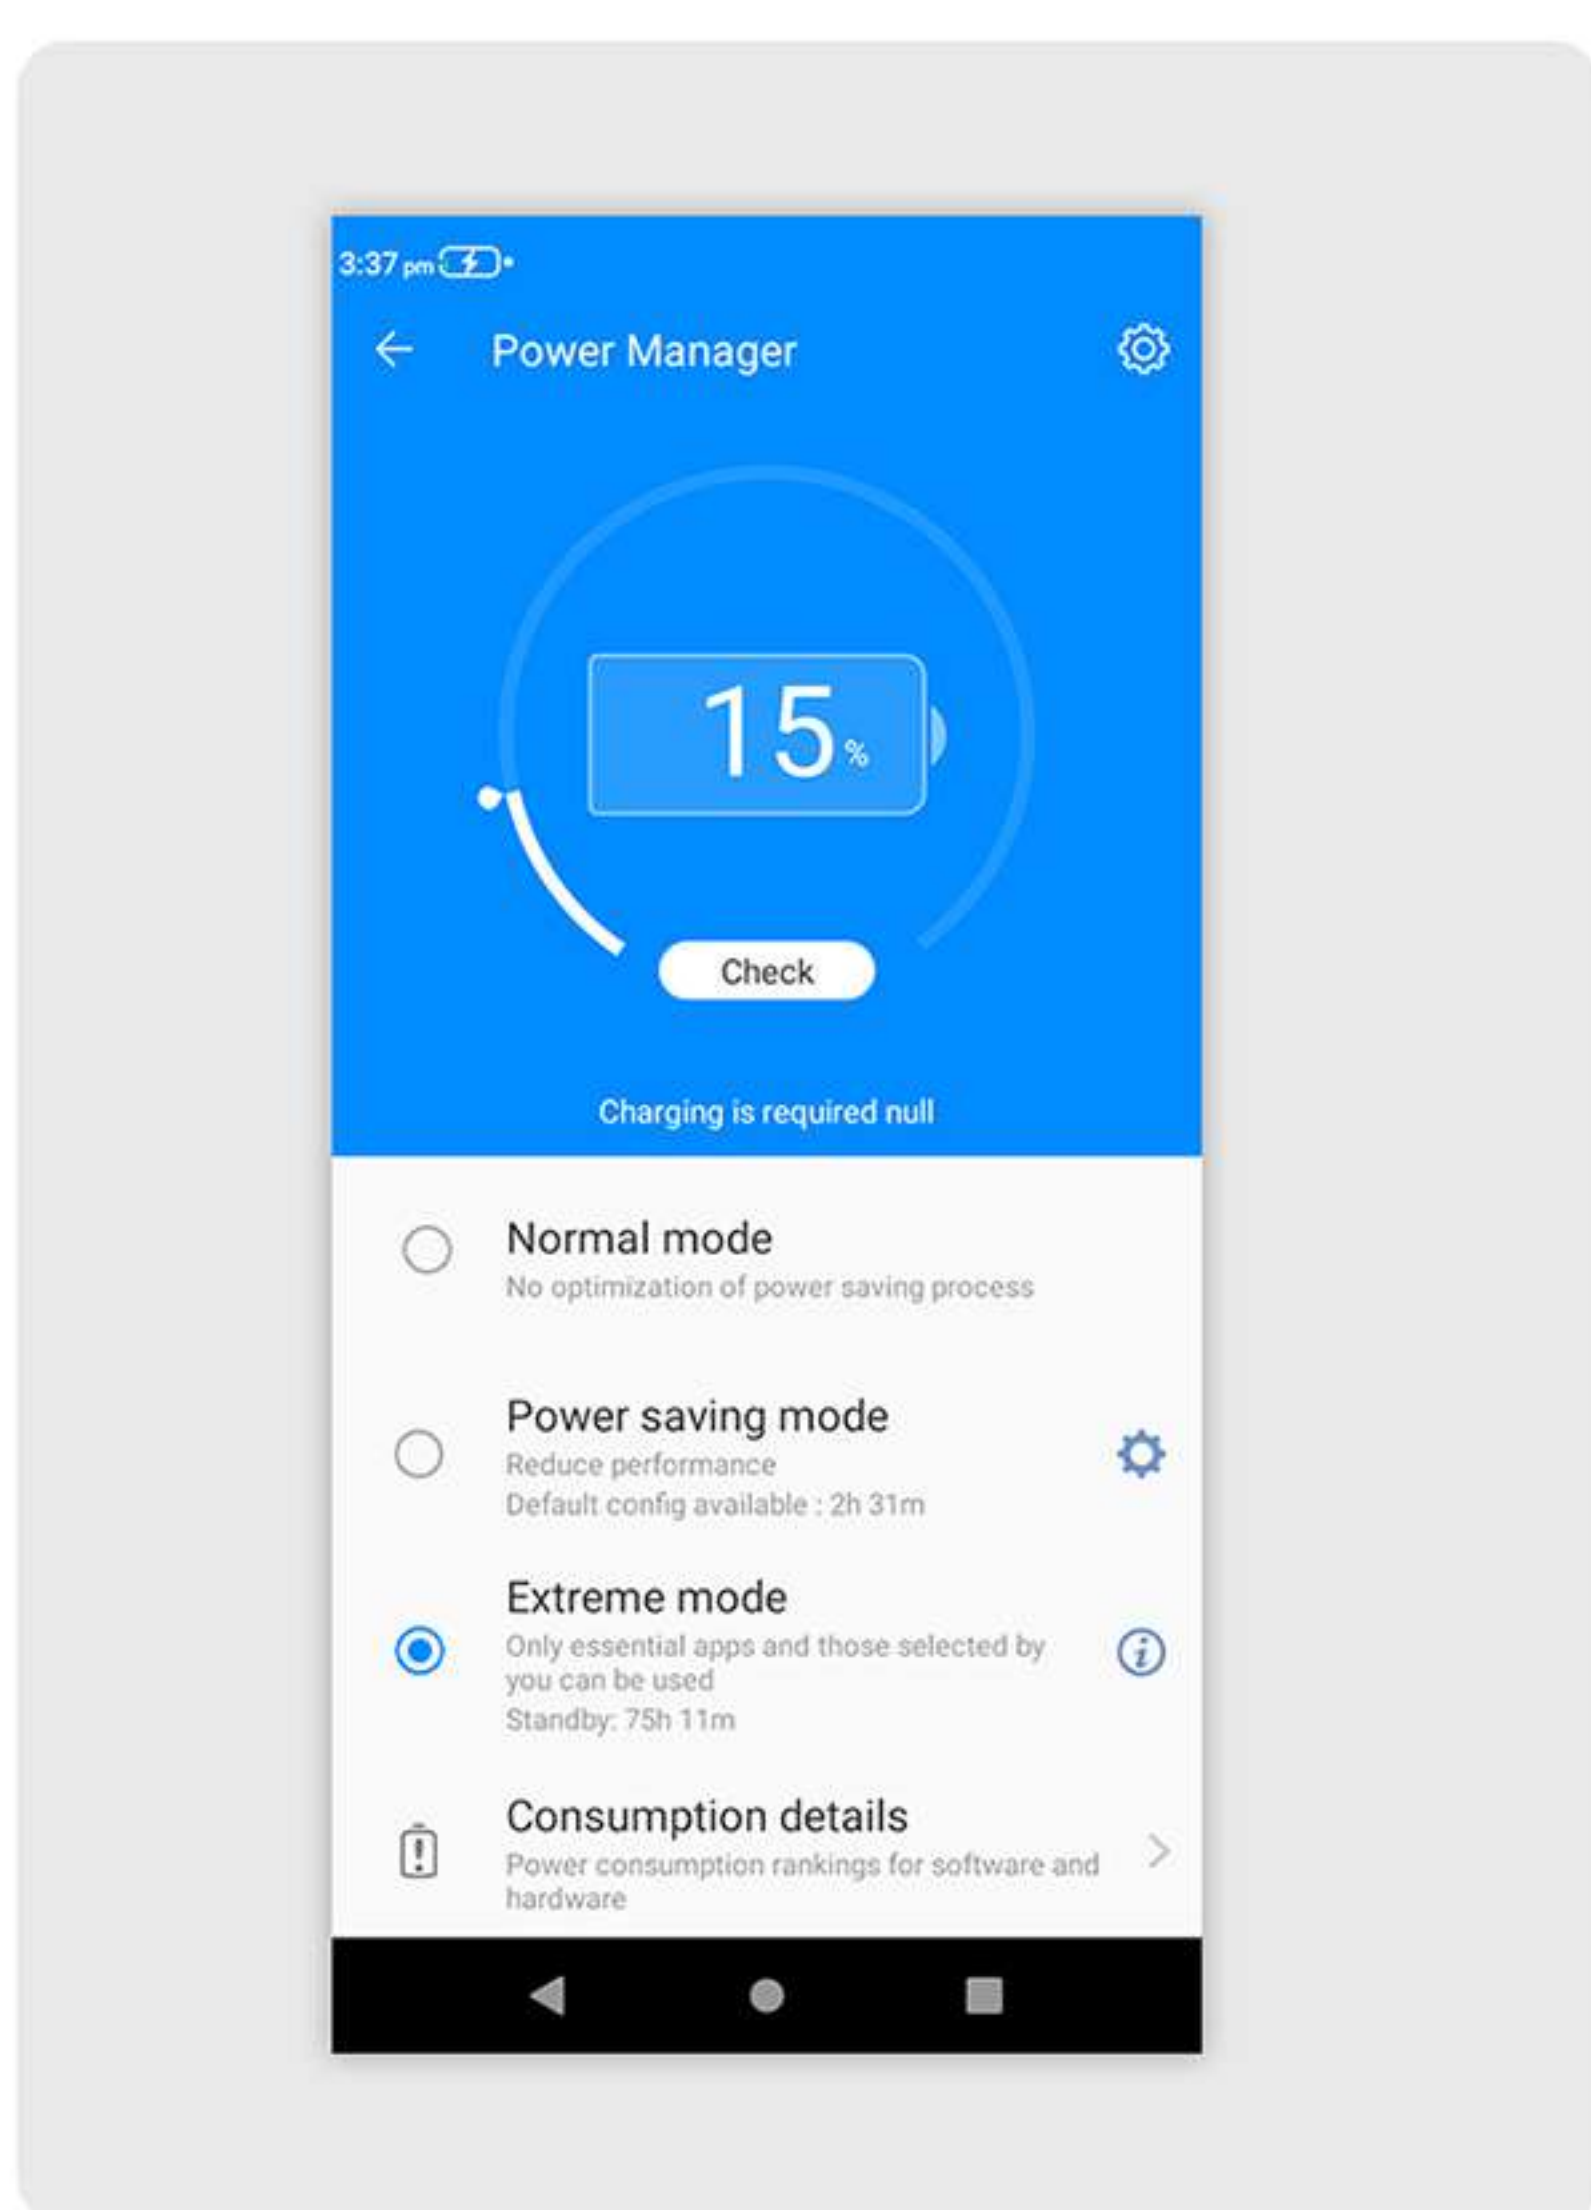

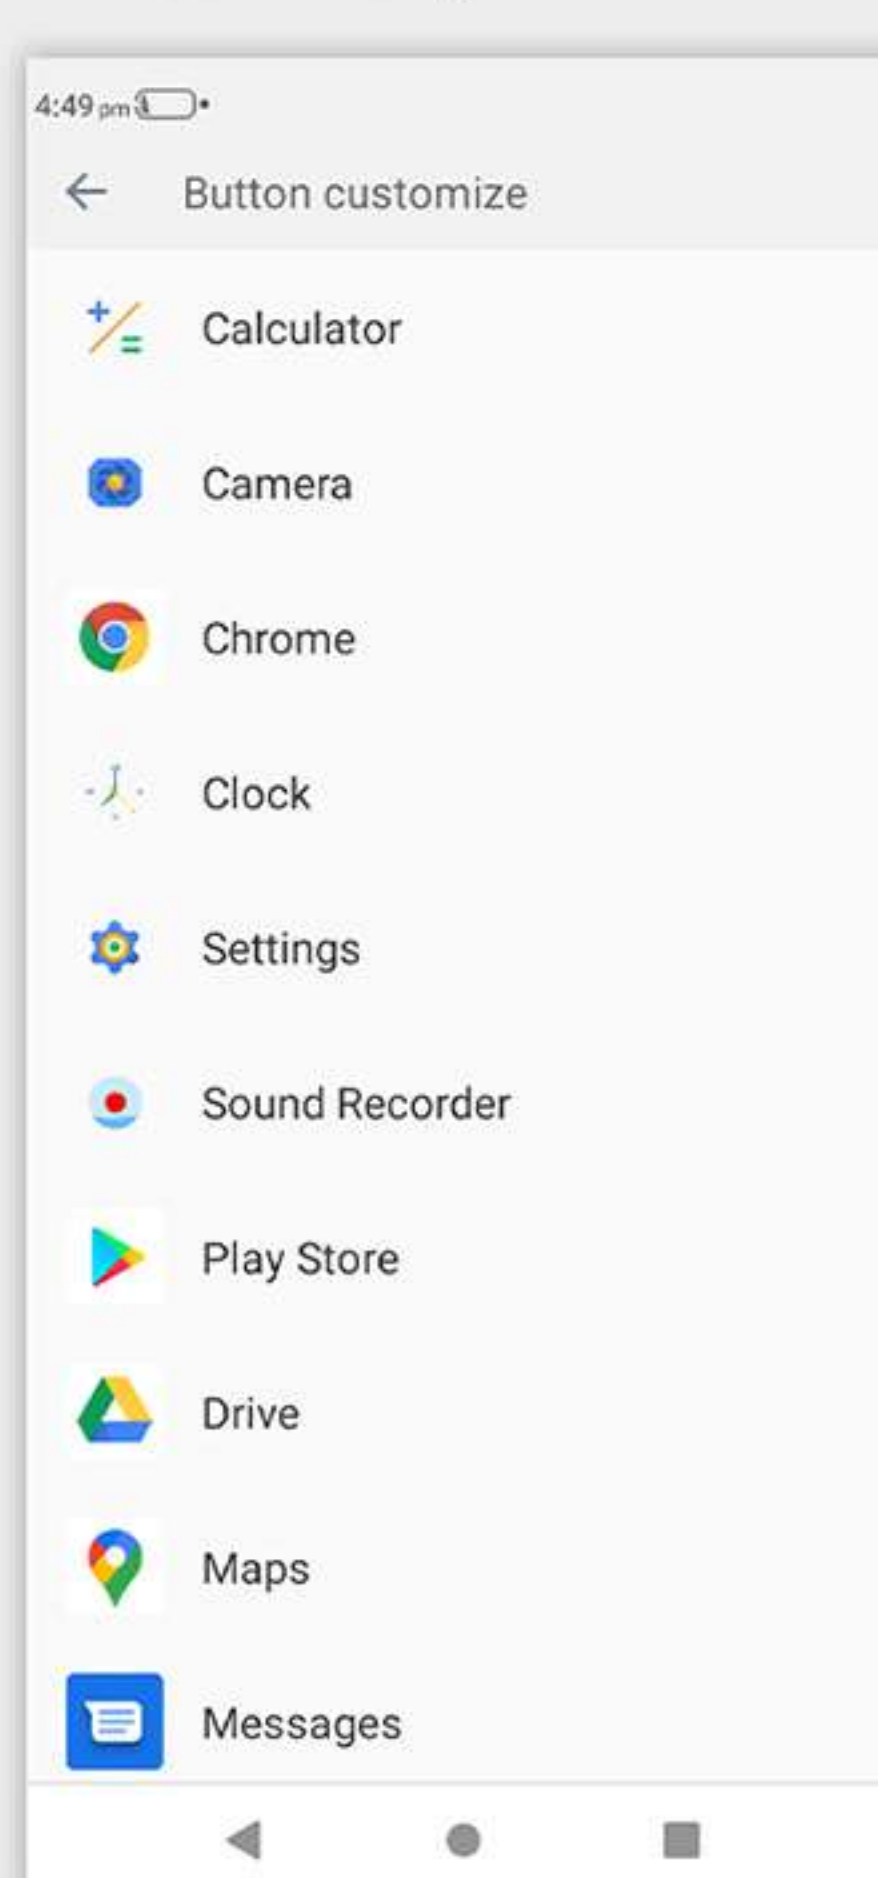

Assign your most frequently used apps to this button and access easily anytime, anywhere.

### 1.Click on To launch any of the tools

### 2.Double Click To launch any of the APPS

## EXTREME MODE

When outside of home without power, switch on this mode to conserve energy.

### SETUP STEPS

Settings → System Setting → Battery → Power Manager → Extreme Mode

## CAST

Turn your device into a projector using the "Cast" function.

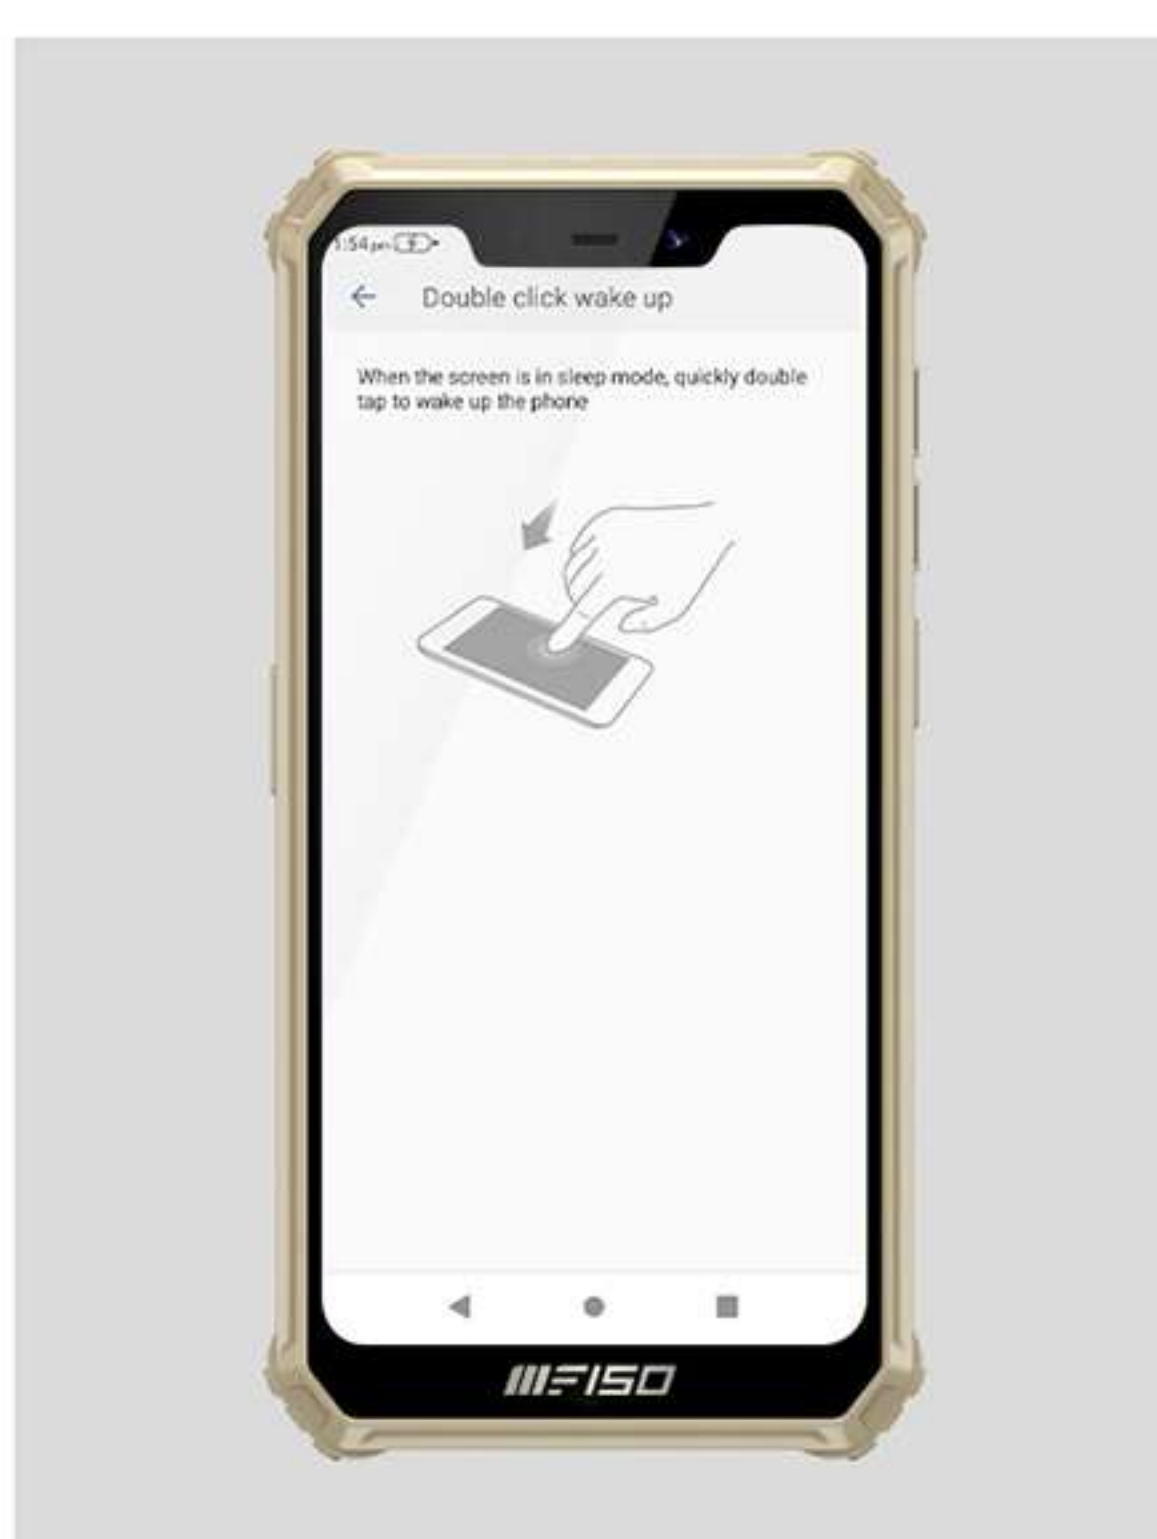

## Intelligent Assistance

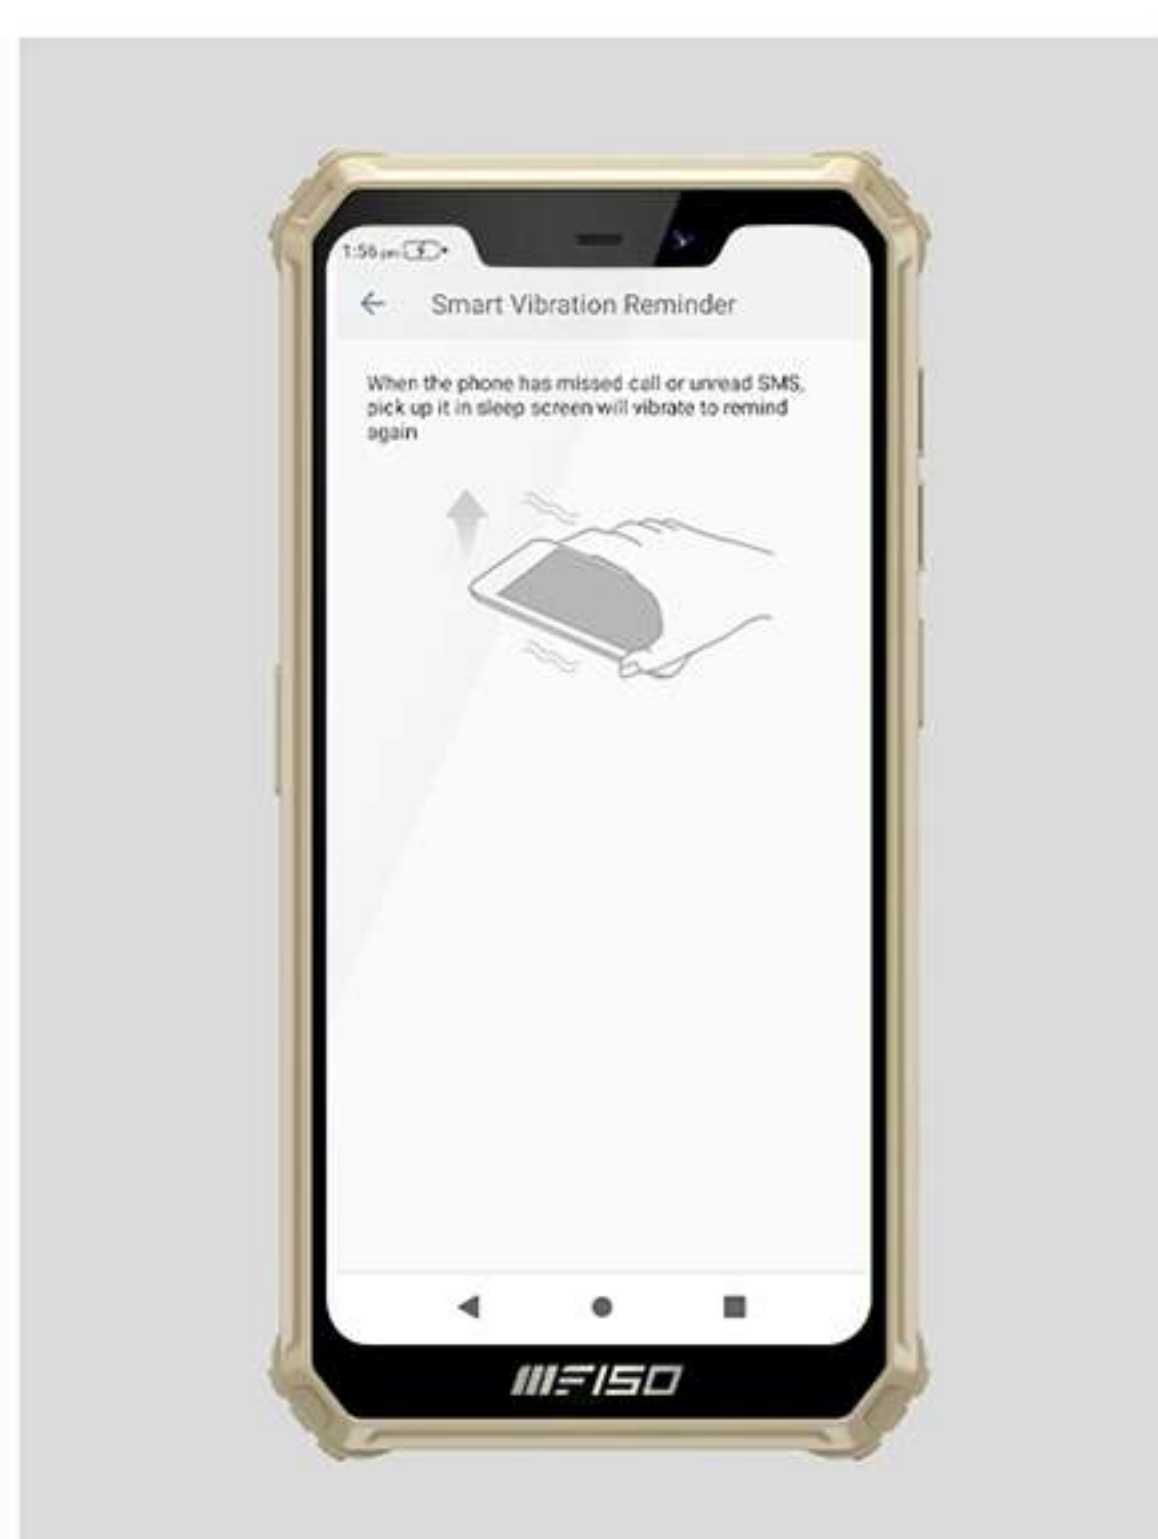

### Black Screen Gesture

Directly access your favorite app or function from the sleep mode using a preassigned gesture.

### Double Click Wake Up

Double-click screen to wake up screen from sleep mode.

### Smart Vibrattion Reminder

Vibrates to remind of you missed calls and unread messages.

# EXPLORES WITH YOU ANYTIME, ANYWHERE
